

February 27, 2018

As part of Mass Senior Care's ongoing membership engagement efforts, the Association has scheduled regional membership meetings throughout the state. The regional meetings offer a great opportunity for members to network and discuss critical local issues with their colleagues and Mass Senior Care staff. Mass Senior Care will provide an update on the Association's 2018 priorities and information on relevant topics including reimbursement, regulatory compliance and workforce.

Regional meetings are open to staff at Mass Senior Care member facilities and corporate offices only. Please RSVP by clicking [here](#) or email Jennifer Chen at jchen@maseniorcare.org. Thank you!
