

March 8, 2018

Earlier this week Mass Senior Care sent to nursing facility administrators a request to complete a direct care staff (RN, LPN, CNA) workforce survey. We ask that you please complete the survey so that we can obtain current information regarding the growing staffing crisis. This important information will be included in our advocacy efforts to bolster support for funding to increase staff wages, benefits, and training scholarships.

Please note that to preserve confidentiality, survey results will be presented only in the aggregate and individual facilities will not be identified. If you have any questions, please contact Mass Senior Care's President, [Tara Gregorio](#).
