

May 12, 2018

Please join us for Mass Senior Care's Advocacy Day on Tuesday, May 22, 2018 at 10:00 am at the Massachusetts State House in Boston, Room 428. We need the full support of the long term care community to rally for critically needed state funding for long term care and to put our dedicated frontline caregivers on a path to a living wage. Please invite your staff, residents and family members to attend this important event.

In addition, we need volunteer nursing home resident artists to briefly loan their artwork, which will be displayed in an exhibit at the State House's 4th Floor Gallery from May 21-25th. Please click [here](#) for the Advocacy Day Flyer and let Mass Senior Care know how your facility plans to participate.
