

June 21, 2018

On June 15th, the Bureau of Health Care Safety and Quality, the Drug Control Program and Board of Registration in Pharmacy, through the Bureau of Health Professions Licensure released a revised list of controlled substances in Schedules II-V that Long-Term Care Facilities (LTCFs) are permitted to store on their premises in a locked Emergency Kit. To review the Circular Letter, please click [here](#). Mass Senior Care worked with provider members and pharmacy associate members and the Department of Public Health, Bureau of Professional Licensure to revise the contents of the E-Kit to meet the needs of the changing resident population of member facilities.

If you have questions regarding this Circular Letter, please contact the Drug Control Program at dcp.dph@state.ma.us or the Division of Health Care Facility Licensure and Certification at dph.bhcsq@state.ma.us.
