

April 18, 2019

On April 11th, the Massachusetts Senate GOP Caucus conducted listening sessions at three Mass Senior Care member nursing facilities. Senate Minority Leader Bruce Tarr, Senator Vinny deMacedo, Senator Dean Tran, Senator Ryan Fattman and Senator Patrick O'Connor heard directly from front-line operators and staff on the current nursing facility financial, workforce and regulatory challenges facing the sector. "We applaud the Senate GOP for their willingness to work with the nursing facility provider community to find long-term sustainable solutions." said Tara Gregorio, Mass Senior Care's President.

Thank you to the facility members listed below who hosted the events and the providers who participated and contributed to the sessions.
