

MassMAP Training and Orientation sessions for nursing homes, assisted living residences and rest homes will be held on November 28, 29, and 30 in various locations throughout the State.

November 16, 2016

MassMAP Training and Orientation sessions for nursing homes, assisted living residences and rest homes will be held on November 28, 29, and 30 in various locations throughout the State. This training will include an overview of MassMAP, a discussion on surge and transportation evacuation, completing and updating of facility information in the MassMAP system and emergency reporting. Attendance at this session is recommended for administrators, DONs and maintenance/facility staff that are new to MassMAP. Pre-work will be required prior to the sessions. Please click [here](#) for the registration flyer.

This free training is for MassMAP members only.
