Annual Life Safety Code Workshop – Virtual

Wednesday, September 27, 2023

9:00 am – 11:30 am

Via Zoom

Program Description

Join Mass Senior Care in our annual life safety workshop. This year's annual program will focus on expectations regarding the inspection, testing and maintenance of required systems such as sprinklers, fire panels, fire extinguishers, smoke detectors, doors, etc. The program will include discussion on the concerns and challenges related to lithium-ion batteries used in nursing facility equipment and devices and best practices for use, storage, and maintenance. In addition, the Department of Public Health will review the top life safety code deficiencies and CMS' current focus.

Objectives

- Understand the requirements related to routine inspections, testing & maintenance.
- Understand the current top 10 LSC deficiencies cited by MA LSC surveyors.
- Identify best practices for use, storage and maintenance of lithium-ion batteries used in nursing facility equipment and devices.

Program Presenters

Nicholas E. Gabriele, *CFPS, Vice President, Global Service Line Leader Healthcare & Emergency Management, Jensen Hughes*

Jonathan Hart, *PE, Technical Lead, Fire Protection Engineering at NFPA*
