Audits & Investigations: What to do when the Government comes “knocking”

Tuesday, April 4, 2023

2:00pm - 3:30pm

Via Zoom

Seminar Description:

It can be both daunting and overwhelming for providers to confront audits and investigations initiated by government agencies, particularly when significant demands are made without much, if any, notice and little time to respond. It is essential to understand the rights and obligations of providers encountering these circumstances and what can be done to best protect your interests. This program will explore best practices for Mass Senior Care members in responding to such audits and investigations from the panoply of government agencies operating in this space. The program will also touch on topics of audits and investigations that members can expect to see from governmental agencies in the near future as the Public Health Emergency related to COVID-19 winds down and ultimately ends in May of this year.

Objectives:

- Understand the provider’s rights and responsibilities when confronted by a government audit.
- Identify best practices in responding to audits and investigations.
- Recognize what audits may come about as a result of the end of the Public health Emergency.
